

PAR 3 MONTHLY MEDALS

Par 3 Competition Rules and Advice

Please take note of the following points:

- Allow your child to be responsible for their preparation (i.e. making sure they have all their clubs, glove, ball, tees, appropriate clothing etc)
- We encourage parents to **'caddy'** for their child especially if they are young or are just starting to play. Juniors should be accompanied by an adult until they are competent to play on their own.
- If they are experienced and fully competent then they can be left to play unsupervised with the parents consent.
- **Parents should provide support to their child but not become their coach.** Encouragement and praise work well, **leave the coaching to the coaches!**
- Let your child make their own decisions and **let them make mistakes** (I know this is difficult but they will learn quicker in the long run).
- Let your child chose their own club for each shot, if it is the wrong one it won't be your fault! Again they will learn quicker.
- **Please assist with rulings, points of etiquette and safety points.**
- It is important to **keep up with the game in front and not hold up groups behind.** All players should complete their round in **less than 1 ½ hours.**
- Upon entering each competition **all players** should be available to **attend the presentation** if they finish in the **'trophy places'**.
- We would encourage *all players* to attend the presentation in the club house at the end of each competition.
- All players should **check** they are playing off the correct **handicap** before play.
